## SCIENTEK CLEAN & SOILED BEDDING SYSTEMS

Scientek clean bedding dispensers work with a wide variety of cages and bedding materials. We offer automated pneumatic supply to a dispensing hopper and a self-contained dust control extraction system complete with Hepa Filtration.

Alternately for smaller vivariums, a simple bag feed unit with manual dispensing is available.

### Clean Bedding Dispenser - features:

- All stainless steel construction
- Front loading bag fill (manual)
- Top loading hopper fill (automatic)
- Backdraft air filtration
- Magnahelic gauge (monitors filter)
- Cartridge style pre-filter & hepa filter
- Push button volume drop selection
- Automated volume drop (sensors)
- Single dispenser head
- Multiple dispenser heads
- House exhaust system
- Self-contained exhaust system
- Pneumatic clean bedding delivery system
- Cage inverta
- Widths to suit tunnel washer belt

### Model Selection

- SB1200 – Manual Bedding Dispenser
- SBAL1200 – Automatic Lane Bedding Dispenser
- SBD3660 – Automatic Drop Bedding Dispenser

Scientek soiled bedding disposal unit can be automated to support a tubular drag conveyor for removing waste material through enclosed stainless steel piping to an external dumpster. While power rollers direct cages to be processed by the tunnel washer, a self-contained down draft exhaust extraction system can be incorporated to reduce dust and odor.

Alternately, this unit can be a simple waste receiving hopper for a mobile collection container with or without house exhaust extraction.

### Soiled Bedding Waste Disposal - features:

- All stainless steel construction
- Gravity roller top-infeed
- Powered roller top-infeed
- Stainless steel rod grating
- Spray washdown system
- Downdraft venting to house exhaust system
- Self-contained dust extraction c/w filtration
- Power auger removal system (tubular drag conveyor)
- Waste Dumpster
- Portable mobile unit
- Widths to match tunnel washer belt

### Model Selection

- SABD3660 – Automatic Bedding Disposal System
- SVBDH – Manual Ventilated Bedding Disposal Hopper
- SVBDH-CU – Manual Contained Ventilated Bedding Disposal Hopper

Scientek's years of experience in stainless steel fabrication allows us to customize designs to meet your specific needs.

For additional product information please contact the factory or the Scientek representative in your area.
